

THE PEARL

Yuca's cochinita pibil burrito (\$3.15). *Cochinita pibil* (pork wrapped in banana leaves and cooked for hours until tender) is what this tiny, chocolate brown free-standing shack in Los Feliz is known for. Order it in a burrito and it comes, with pinto beans only (no rice), in a tortilla as tender and velvety as any you'll find. Folded over only once, it lies flat on the plate, requiring a knife and fork. Outrageously good.
